Attendance and Exclusions

Durham County Council are aware of a recent High Court ruling in the case of the 'Isle of Wight Council versus Jon Platt'. Durham Council are not aware of the full facts of the matter, and will not know all the facts until the transcript of the hearing has been realised.

Until such a time, the Council have a Fixed Penalty Notice policy that they believe is compatible with current national guidance.

The Council's threshold in triggering the fixed penalty notice procedure occurs when unauthorised leave of absence in term time is 7 school days or more in a period up to 12 rolling weeks. The Council's policy has therefore not changed.
