

Homework Challenges

This half term you have a choice of homework!

From the activities in the boxes you can select which activity to do each week.

You are expected to complete one per week, although you can complete more!

Some activities will not take long to complete. Some might need more thinking and research to complete and offer a challenge in how to complete them.

Merits will be awarded according to the value of the activity (and the amount of effort put in!!!)

Be creative in what you do and always ensure your work is your best work!

Please note: homework is now to be uploaded to Class Dojo. Ideally, all homework should be submitted by **Thursday** to be shared the next day, but if pupils have something they want to bring in, it needs to be brought in by **Tuesday** in order to be quarantined safely. Thank you in advance!
