

Homework Challenges

This half term you have a choice of homework!

From the activities in the boxes you can select which activity to do each week. You are expected to complete one per week, although you can complete more if you wish! Some activities will not take long to complete. Some might need more thinking and research to complete and offer a challenge in how to complete them.

Merits will be awarded according to the value of the activity!

Be creative in what you do and always ensure your work is your best work! Have fun!

A new folder will be created each week on Class Dojo for you to share your homework in. Please make sure the homework is uploaded by **Thursday** of each week as this is when we will be checking and sharing them all with the class.
